

TEKING LAGOON CRUISES

Aitutaki

Come and explore the tempting turquoise waters of Aitutaki lagoon with Teking Lagoon Cruises.

Teariki Reva George owner, captain and tour guide of Teking Lagoon Cruise is the self proclaimed king of the Lagoon. His name (Teariki) means 'The King' and is one that he takes proudly.

Spending a day out with Teking is a great way to enjoy the magical and stunning island of Aitutaki out on the water, he has a great local sense of humour and a contagious laugh that will have you delighted. One thing that he takes seriously is for everyone to have the best time and to see as much of the lagoon as possible.

Teking has three boats in total ranging from small to large, all of which come fully equipped with top quality safety equipment and are operated by trained and professional staff. The great thing about these boats is that they're small which means they can access many parts of the lagoon that larger boats can not.

They offer Snorkelling Safari Tours, Champagne Brunch Cruises, Sunset Cruises as well as Private Full Day Charters. On each tour you are promised to snorkel in some of the best locations and the opportunity to see Giant Fishes and clams in their natural habitat. You will also learn a little about these stunning creatures from the friendly team of guides.

For the snorkelling safari tour, lunch is served on the breath-taking Maina Island at about 12noon and consists of barbequed fish, chicken, eggplant and pumpkin as well as a variety of salads to choose from including local breadfruit salad, garden salad, coleslaw and fresh tropical fruits.
