

STORYTELLERS ECO CYCLE TOUR

Rarotonga

Storytellers Eco Cycle Tour is a great family friendly tour offering an unforgettable bike riding experience around Rarotonga with three different tour options to choose from—Discover, Explore or Excite.

All 3 tours deliver an informative and genuine experience that takes you on routes through lanes and tracks of the island showing the histories and heritage of our beautiful island nation called Rarotonga. Visit our many historical sites and drive past plantations amongst nature's tropical best.

Stories are told of our cultural aspect of this history, including how the connection with the heritage underpins a deeper love and respect of the land's natural environment inherent within the DNA of the Cook Islands people. At the end of the tour you are rewarded with a delicious local lunch and an option to cool down with a swim at a beautiful secluded beach.

There are three different tours to choose from that will best suit your comfort zone. The Discover tour is perfect for families and includes a nice lunch and both the Explore and Excite tours include 1 hour sunset cocktails. They also offer a custom tour for groups of 6-16 which you can arrange with them to see what they can tailor for your needs.

Storytellers strive to make your experience with them unforgettable so you take home the memories of your trip to the Cook Islands that last a lifetime.
