

LEGASEA CHARTERS AITUTAKI

Aitutaki

Legasea Charters offers private and personalised charter experiences in Aitutaki's world-famous lagoon and surrounding waters. With more than 35 years of combined experience on the water, the local crew draw on genuine Cook Islands hospitality, local knowledge and a passion for creating safe and memorable experiences.

Guests can choose from private lagoon charters, fishing charters and seasonal whale-watching experiences. Private lagoon charters explore 3–4 motu/islets, with opportunities for swimming, snorkelling and sightseeing. Half-day charters operate for approximately 3 hours, while full-day charters operate for approximately 6 hours and include an island BBQ. Private half-day and full-day fishing charters take guests beyond the lagoon into Aitutaki's surrounding waters.

Whale Watching is available from July to October, with both private and shared tour options available. Operating for approximately 3 hours, these tours offer a memorable opportunity to get out on the water and experience the incredible marine life of Aitutaki.

With flexible charter options and experienced local crew, Legasea Charters Aitutaki offers guests an unforgettable way to experience the beauty of Aitutaki from the water.
