## Virtual Meeting

With travel restrictions limiting mobility for attendees and concerns about the viability of large gatherings, event organisers have had to quickly adapt their plans to protect the health and safety of their teams and event attendees.

Getting back to normal will take some time, and events will look different in the interim.

To bridge that transition, many event and meeting organizers are choosing to offer virtual participation options and hybrid formats that allow for small local gatherings, while also broadcasting to remote attendees and satellite locations.

We can assist you in delivering a seamless event of any kind, from hybrid multi-site meetings to on-line broadcasting events.

For more complex needs, you can choose from our leading technology partners or we can collaborate with your preferred AV supplier.
